

# THANK YOU

## for giving more tomorrows

ADVANCING CANCER RESEARCH & PATIENT SUPPORT

CancerCare Manitoba Foundation's mission is crystal clear - to raise funds exclusively for CancerCare Manitoba. This means CancerCare Manitoba can continue to provide the best cancer research, care and patient support available for Manitobans and their families living with cancer.

Each year tens of thousands of Manitobans entrust us with their donations. We are stewards of these dollars and are proud each year to tell donors exactly how and where their money is spent. This report is for the fiscal year ending March 31, 2013.

## Your donation gives more tomorrows

Thanks to the generosity of Manitobans, the Foundation provided \$5.36 million in grants to CancerCare Manitoba this year. Our funding supports patient care, research operations and equipment purchases as well as education and public awareness about ways to reduce your risk of cancer.

Most important, this funding helps Manitobans and their families living with cancer - Manitobans like Marlene Kachur who is living proof that More Tomorrows are possible.

### World-Class Facility Brings Relief and Hope

When Marlene Kachur was diagnosed with chronic Lymphocytic leukemia (CLL), she was told that if she was very lucky, she had eight years left to live. Her immediate thought was, "that's not enough". That was 19 years ago.

*"I'm relieved that something like this is here to help," Marlene says. "I'm very proud that I'm still going, and I have faith that it's going to turn out all right."*

Thanks to generosity of the Foundation's donors, Marlene has access to leading CLL specialists at a world-class facility – right here in Manitoba. It's the only one in Canada dedicated to the study and treatment of her disease.

Marlene's physician is Dr. James Johnston, who moved here from Ireland more than 30 years ago. He describes CancerCare Manitoba's facility as ideal because the lab and clinic are in close proximity, which fosters strong ties between research and treatment. It's also home to the country's largest CLL tumour bank – the hub of research programs.

Dr. Johnston explains, "Tumour samples from the bank are used for research in the lab. We're examining new therapies and better treatments that can be applied in the clinic as trials." He adds, "It's highly advantageous to have a dedicated group of diverse specialists working closely together."

For CLL patients, this integrated model means they get comprehensive care without leaving the clinic – something few centres can offer.

In addition to clinical trials, patients at CancerCare Manitoba can participate in the Familial CLL Study. Dr. Johnston and his fellow scientists are the only Canadian group involved in this quest to find the gene that causes CLL to occur in families. As a mother of four, Marlene is hopeful that doctors will soon be able to accurately predict risk for family members.

### On the Edge of a Breakthrough

The CLL team is on the edge of an exciting breakthrough in another research program to determine why some people live with CLL for decades with little or not symptoms, while in others it progresses swiftly. They have discovered an abnormality that is an early sign of the cancer. This abnormal cell could allow doctors to accurately predict which patients have an aggressive form of the disease before their lives are in jeopardy.

"Most CLL patients will die of this disease or its consequences," Dr. Johnston says. "Research is the only way to improve patient care and outcomes."

### You Make it Happen

Your financial support to the CancerCare Manitoba Foundation is making a difference in the lives of people who are living with cancer – like Marlene. You're also helping to fund facilities and life-saving research programs that attract top scientists from around the world – like Dr. Johnston.

Janice Filmon

Annitta Stenning

Since CancerCare Manitoba Foundation was established, we have worked tirelessly each day to earn the trust of all Manitobans. This year that trust was again rewarded as more than 400 community events registered to raise funds for the Foundation, more than 30,000 individuals entrusted us with their donations and hundreds of Manitoba businesses sponsored Foundation projects. Later in this report you will see the names of all donors and sponsors who contributed more than \$1000 to the Foundation and a complete list of the Community Events organized by volunteers this past year.

All funds raised by the Foundation stay in Manitoba to help Manitobans and families living with cancer. Your support allowed the Foundation to provide \$5.36 million in grants to CancerCare Manitoba increasing our total contribution to nearly \$80 million since 2000.

Thanks to your generosity we continue to fund nearly half the research infrastructure which helps CancerCare Manitoba attract and retain the best and brightest cancer specialists and improve outcomes for Manitobans diagnosed with cancer. Your dollars also support cancer prevention, education, screening to detect cancer early, and to help families across Manitoba throughout their cancer journey.

Forecasts tell us cancer is on the rise in Manitoba, and in the coming years the Foundation will need to significantly increase its financial support to CancerCare Manitoba. We need only look around to our families and our friends to know this is so. We need to be bold. Bold in asking that we all work together to fight this disease and help provide more tomorrows for all Manitobans and their families living with cancer. Bold in asking more of us to give. Bold enough to continue to invest in attracting and retaining the best and brightest cancer specialists because we need them right here - at CancerCare Manitoba - to help give more tomorrows to the patients and their families we are here to serve and support. The road ahead is formidable but if we all commit to this goal, we can and we will triumph. We invite you to join us in Giving More Tomorrows.

  
Janice Filmon, Chair  
CancerCare Manitoba Foundation

  
Annitta Stenning, Executive Director  
CancerCare Manitoba Foundation

2012/2013 ANNUAL REPORT

All funds raised stay in Manitoba.

# Special Events

CancerCare Manitoba Foundation holds four signature events each year and another 400+ community events register to raise funds for the Foundation. In 2012/2013 these events accounted for approximately 35% of the Foundation’s total net revenue.

**The Challenge for Life 20km Walk** raises funds for All Cancers and provides an opportunity for participants to reduce their own risk of cancer by improving their personal fitness. The 2012 CFL raised \$1 million thanks to corporate sponsors and more than 15,000 individual donors who supported more than 600 individuals who walked 20km and ‘rang the bells’ as they crossed the finish line in Assiniboine Park.

PHOTO: Teams stand out in custom t-shirts.

**The Guardian Angel Benefit for Women’s Cancer** has been organized by volunteer Angels for twenty-one years. The October 2012 Benefit raised more than \$300,000 to support strategic investments in prevention, early detection, research, treatment and patient and family support for women and their families touched by cancer. More than 1200 participants were inspired by guest speaker, actress and cancer survivor Cynthia Nixon, and local cancer survivors who modeled the latest fashions – a celebration of their personal bravery and determination.

PHOTO: Right front Guardian Angel chair Ida Albo

**A Gold-Plated Evening**, the sixth bi-annual dinner in support of Prostate Cancer Research and Treatment, was held on Monday, May 14th, 2012 at the Winnipeg Convention Centre. The evening, filled with fine dining and good company, featured special guest speaker, John Furlong, the CEO of the Vancouver Olympic Committee. More than 800 Manitobans attended the event and funds raised were invested in CancerCare Manitoba’s Prostate Tumour Bank - a critical factor in the control, early detection, treatment and improving long-term outcomes for all Manitoba men living with prostate cancer.

PHOTO: Doug Harvey (event chair) and Andrew Paterson (Director Emeritus on the CCMF Board) enjoy the evening with over 800 guests.

CancerCare Manitoba Foundation and the Children’s Hospital Foundation of Manitoba co-sponsored the 2012 **Manitoba Dragon Boat Festival**. More than 100 teams and 2500 paddlers raised more than \$300,000 to support pediatric clinical trials and other projects helping Manitoba kids with cancer.

PHOTO: Happy Monkey Boat #1 paddlers get into the Dragon Boat spirit.

Since 2009, the Annual Turn N’ Burn Barrel Race for the Cure has raised over \$23,000

In September 2012, the 5th Annual Kick Butt Walk/Run for colorectal cancer raised over \$45,000

## Community Events

More than 400 Community Events registered to raise funds for CancerCare Manitoba Foundation. Many of these events began as one-time events and have gone on to become annual events. This year community events raised more than \$1.5 million for the Foundation.

By registering with CCMF, event organizers had access to marketing support from the Foundation and could provide charitable tax receipts for eligible donations.
