

All funds raised stay in Manitoba.

CancerCare Manitoba Foundation Announces Winner in Chase the Ace Lottery

For immediate release – November 2, 2021 – After a 36-week run, the ace was pulled and a winner declared in the first-ever CancerCare Manitoba Foundation (CCMF) Chase the Ace lottery. Carol Ferrante had the winning ticket and was awarded both the progressive jackpot and weekly prize for a grand total of **\$331,291!**

Carol played Chase the Ace frequently throughout the 36 weeks as a way to support the Foundation's fundraising efforts for Manitobans affected by cancer. Sadly, in January 2019 she lost her husband of 54 years. Carol and her family are grateful for the care and support her husband received from his oncology team at CancerCare Manitoba.

"We are absolutely thrilled that the jackpot is going to someone as deserving as Carol," said Patti Smith, President & CEO of CancerCare Manitoba Foundation. "It's through initiatives such as Chase the Ace that the Foundation is able to raise important funds that support research and clinical trials here in Manitoba. We are very grateful to everyone who participated."
